

Message from Chief Editor

The second issue in 2023 of International Journal of Innovation in Mechanical Engineering and Advanced Materials consists of five articles covering various interesting topics. Some articles are the output of a research from Universitas Mercu Buana (Indonesia), Universiti Kebangsaan Malaysia (Malaysia), Northwestern Polytechnical University (China), Universitas Jember (Indonesia), Beijing Institute of Technology (China), Universitas Dirgantara Marsekal Suryadarma (Indonesia), National Research and Innovation Agency (BRIN) (Indonesia), National Science and Technology Development Agency (NSTDA) (Thailand), and Politeknik Negeri Ujung Pandang (Indonesia).

We would like to thank Dafit Feriyanto, Sagir Alva, Ignatius Agung Wibowo, Andi Firdaus Sudarma, Jumril Yunas, Abdul Mutalib Leman, Sagir Alva, Rd. Rohmat Saedudin, and Surachai Karnjanakom, for the contribution in the Editorial Team. We hope that their contribution will enhance the quality of this journal. In Addition, we thank all reviewers for their contribution and knowledge to review the journal in order to meet a requirement of IJIMEAM quality.

Editor in Chief

Prof. (em.) Dr.-Ing. Darwin Sebayang
