SINERGI is a peer-reviewed journal published three times a year in February, June and October. The journal is published by Faculty of Engineering, Universitas Mercu Buana. Each publication contains articles comprising high quality theoretical and empirical original research papers, review papers, and literature reviews that are closely related to the fields of Engineering (Mechanical, Electrical, Industrial, Civil and Architecture). The theme of paper is focused on new industrial applications and energy development that synergized with local, green and sustainable technologies.

Reviewers
