Dear,

I/We wish to submit an original research article entitled "Preference Technique: Deceptive Visual Representations in the Digital Realm" for consideration by SINERGI.

We confirm that this work is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We promise not to withdraw this article after it has been processed by the Editorial Team. If there is a withdrawal, we are willing to pay a penalty of USD 150 (IDR 2000K) to the SINERGI Editorial Team.

In this paper, I/we report on / show that:

Field	:	Architectural Design
Topic	:	Architectural Representation
Brief Background	:	Different perception between designer and user in interpreting architectural representation can lead to deceptive visual perception
Research Problem	:	There is different perception by user when perceive information in architectural representation
Overview of Method	:	Sorting image
Significant finding	:	Preference technique to represent architectural idea that is not deceptive between designer and client

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

Arina Hayati
