Dear,

I/We wish to submit an original research article entitled “[*title of article*]” for consideration by SINERGI.

I/We confirm that this work is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere.

In this paper, I/we report on / show that:

Field	:	Engineering
Topic	:	Water Resources Management
Brief Background	:	Flood is a general issue that can lead to life and safety of residents
Research Problem	:	Lack of the capacity in drainage system at residential area
Overview of Method	:	The method for the performance of drainage system in hydrology analysis was carried out with Log Person dan return period for rainfall duration in 10 years ( $R_{10}$ ) and for hydraulic analysis was using drainage system modelling with EPA – SWMM 5.1.
Significant finding	:	a storage pond is capable in sustaining upcoming flood.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,  
Juliastuti
