17 September 2020

Dear,

I/We wish to submit an original research article entitled “**Atom Search Optimization – Neural Network For Driving DC Motor**” for consideration by SINERGI.

I/We confirm that this work is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere.

In this paper, I/we report on / show that:

Topic	:	Atom Search Optimization – Neural Network For Driving DC Motor
Brief Background	:	This paper discusses the control of a DC motor using the ATOM SEARCH OPTIMIZATION - Neural Network method.
Research Problem	:	The Problem Of The research is controlling the DC Motor
Overview of Method	:	Atom search optimization (ASO) has a mathematical model and duplicates the behavior of atoms in nature. In this paper,
Significant finding	:	This paper discusses the Atom search optimization (ASO) method used to improve neural network performance to control DC Motor

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,
Widi Aribowo

AUTHORSHIP STATEMENT

I/We wish to submit an original research article entitled “***Atom Search Optimization – Neural Network For Driving DC Motor***” for consideration by SINERGI.

All persons who meet authorship criteria are listed as authors, and all authors certify that they have participated sufficiently in work to take public responsibility for the content, including participation in the concept, design, analysis, writing, or revision of the manuscript.
